SRU Navigation with Dynamic BEV Recurrent Fusion

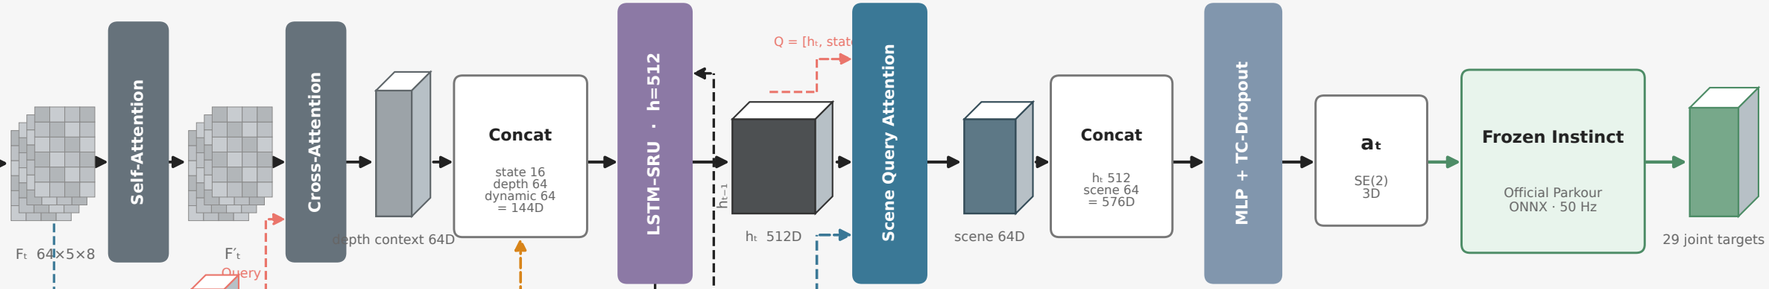

InstinctNav · G1

Pretraining Encoder–Decoder

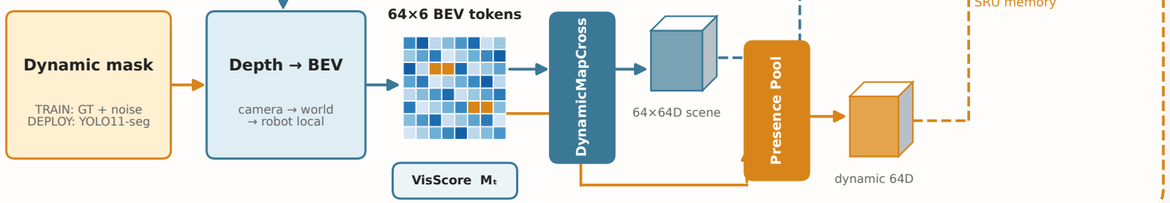

Pretrained and frozen during PPO

BASE SRU VISUAL PATH

OUR EXTENSION · DynamicMapMask-RecurrentFusion

Dynamic Navigation RL Training

Extended from the attention-based SRU navigation architecture (Yang et al., 2025)

ASYMMETRIC CRITIC *training only* state 16 + depth 64 + privileged height 64 + dynamic 64 → Critic SRU 512 + scene query 64 + time 8 → $V(s_t)$

Mask is an observation; no mask-CNN or auxiliary segmentation loss
